

Sanctity of Human Life

Sunday January 20, 2008

Presbyterians Pro-Life seeks to be a prophetic witness to the Presbyterian Church (USA), upholding the sacred value of human life and the family. We believe the Scriptures teach that God, who made us in His own image, has forbidden us to shed innocent blood. While most other pro-life groups focus on legislation and the political debate, Presbyterians Pro-Life is different. Our focus is on the Church. The central truths we hold as Christians should determine how we understand life-issues and how we minister to those who face pregnancies under difficult circumstances and those who have experienced abortion.

PPL works to change PC(USA) policy on abortion and other issues related to life and family, calling our denomination to reflect a scriptural view of all human life regardless of size, position, or stage of development. PPL is an independent, nonprofit corporation made up of members and pastors of the Presbyterian Church (U.S.A.) and offers a variety of written resources to the broader Christian community to help Christians approach matters of life and sexuality from the perspective of biblical faith. For more information about these resources visit our website or contact PPL.
